

Tucson Chain Lightning presents their December 2008 monthly:

The Southern Arizona Disc Golf Classic!

Saturday, December 13th and Sunday, December 14th.

Pre-registration highly recommended - Field Limited to 45 players due to course layout!!

This event will feature **four rounds** played on all the courses in southern Arizona. We will play round one at the gorgeous and rugged Marana Rock Disc Golf Course. This course, like Groves, has a 9-basket layout. We will play 9 holes clockwise, and then 9 holes counter-clockwise. Round two will be played at the Santa Cruz River Course, this time from the short 'A' tees. On Sunday morning we will start the first round at Groves on the long 'B' course. After lunch, we will play the final round at Santa Cruz from the much more challenging 'B' tees. The awards ceremony will immediately follow the last round.

We are playing the standard layouts, with the standard park and PDGA rules. All participants will be playing the same courses, regardless of gender or division. This will be the first official tournament at our newest course - Marana Rock. Come support Southern Arizona Disc Golf!
